Our organization is constantly searching for new approaches to selling Heavy-Duty Peterbilt Trucks, Parts, and Services.

John Rosso of Peak Performance Management was recommended by our friends at Hefren-Tillotsen and therefore we chose to have him speak to our Executive Management Team.

John was innovative, animated, and enthusiastic in his presentation. Our people got a lot of new creative ideas from his workshop to take back to their teams.

I would recommend him to anyone looking for a new, high-energy perspective on selling.

Sincerely,

Robert L. Hunter
